

mlp law Your Business Journey

At MLP we provide your business with the right services and advice to guide you along your business journey.

We offer a full range of corporate and commercial legal services giving a personal and consistent approach, delivered by experienced business lawyers. We provide you with proactive, straightforward business law advice giving you prompt, strategic and cost-effective solutions.

MLP can advise and assist on all aspects of your company throughout your business life-span.

Inception

We are business people who know the law. We work with you from the start to ensure that you have the correct policies & documents, and also that the corporate structure, funding, and strategy is appropriate for you to achieve your objectives.

Growth

We offer a full range of corporate and commercial legal services which can help turn your business from a start up to a successful business that can stand on its own 2 feet.

The Future

MLP will get your business ready for the next stage of your journey, be that continued trading, disposal or succession planning. Whatever your intentions, we can help you achieve your objectives.

Maintenance

We can advise on how to maintain the level your business is functioning at and provide the services needed to sustain this success.
